

Jackson Heritage Association

Membership Application

The Jackson Heritage Association was formed by a group of public-minded Jackson citizens in 1976. Its basic purpose is to preserve the historical past of this beautiful area, and to assure the generations that follow a complete and accurate record of its history. The Heritage Association accomplishes this through the collecting of pictures, records, memorabilia, and through the preservation and restoration of historical sites. The Oliver House Museum is one such project.

The Jackson Heritage Association provides opportunities for service to the community, and the preservation of Jackson's rich past. So if you would like to help us in this endeavor, we invite you to join the Heritage Association by choosing one of the following membership levels.

Commitment and Participation come in many forms. We invite all members to be as active as they wish. We also encourage all interested members to attend the monthly board meetings.
